Professional Summary:

Cloud Data Engineer with 5 years of experience designing and deploying scalable, cloud-native data solutions across Pharma and Healthcare domains. Skilled in AWS services (Glue, Lambda, EMR, Athena, Redshift, S3) and proficient in Python, PySpark, and SQL. Proven success in ETL automation, real-time data pipelines, and data warehousing using Snowflake and Redshift.

Technical Skills:

- **Programming Languages:** Python, PySpark, SQL, Dbt, Shell scripting (basic exposure)
- **Cloud Services:** AWS (Glue, Lambda, EC2, S3, CloudWatch, Redshift, Athena, EMR, RDS, Kinesis, IAM, CloudFormation, SNS, SQS)
- **Big Data Platforms:** Databricks (PySpark, Delta Lake exposure)
- **Data Warehousing & ETL/ELT:** Snowflake, Redshift, Data Lakes, Informatica PowerCenter
- **DevOps & CI/CD:** GitHub Actions, Bitbucket Pipelines
- **Tools:** VS Code, Git/GitHub, Bitbucket, JIRA, SQL Developer, MySQL Workbench, PostgreSQL, Informatica PowerCenter

Professional Experience:

Software Engineer II

Carelon Global Solutions (Elevance Health) — Gurugram, Haryana
Project – Anthem Enterprise Data Lake

Jan 2025 – Present

- Designed and implemented data warehousing using Snowflake, optimizing data retrieval and storage
- Automated Python scripts for daily processing, error handling, and task orchestration
- Optimized PySpark jobs and tuned Snowflake queries to reduce runtime and improve overall pipeline performance.
- Built scalable solutions using AWS Glue for ETL and AWS Lambda for serverless execution
- Configured AWS S3 for secure data storage, integrated Athena for efficient querying
- Deployed and monitored EMR clusters for large-scale data transformation
- Documented job processes and collaborated with architects to troubleshoot and test complex issues
- Parsed and flattened nested JSON structures, improving data usability and reporting
- Demonstrated expertise in file formats: Avro, Parquet, and JSON

AWS Data Engineer

Tata Consultancy Services (TCS) — Noida, Uttar Pradesh
2025

Feb 2022 – Jan

Client: Eli Lilly – Projects AADS, AET, IQVIA

- Migrated and optimized large-scale data into AWS Redshift and Snowflake
- Automated ETL flows with PySpark in Glue, reducing manual effort by 70%
- Built real-time data solutions via Kinesis, Lambda, and EMR clusters
- Ensured security and compliance using IAM and CloudFormation
- Exposure to CI/CD pipelines and DevOps practices for cloud deployments.

Associate Analyst – Content Engineer (Contract)**GlobalLogic Technologies Pvt. Ltd. — Gurugram, Haryana*****Jan 2022 – Feb 2022***

- Executed tagging and structuring of technical and analytical content for internal projects
- Gained exposure to tech-enabled workflows in a fast-paced environment
- Ensured data integrity and participated in quality control across the engineering team

Graduate Engineer Trainee**ILJIN Electronics (I) Pvt. Ltd. — Greater Noida, Uttar Pradesh*****Jul 2021 – Jan 2022***

- Worked in the Production Planning & Control (PPC) team, applying data-driven approaches to optimize manufacturing operations.
- Conducted data analysis on production workflows, identifying inefficiencies and improving throughput.
- Built forecasting models for daily production targets using statistical methods, enabling better resource allocation and planning.
- Designed and maintained Excel/SQL-based dashboards to monitor KPIs and ensure adherence to quality standards.

Key Responsibilities:

- Conducted root cause analysis to resolve performance and data quality issues.
- Collaborated across all phases of the SDLC to build scalable and efficient solutions.
- Played an integral role in large-scale client business development and delivery engagements.
- Provided consulting support and resolved end-user queries, ensuring high satisfaction levels.

Professional Attributes:

- Strong analytical and problem-solving skills with a focus on data quality and performance optimization.
- Excellent communication skills, both oral and written, facilitate effective collaboration in agile/scrum environments.
- Proactive and detail-oriented with a commitment to delivering high-quality results.

Education:**Bachelor of Technology – Electrical & Electronics Engineering (EEE)**

Galgotias College of Engineering and Technology — Greater Noida, Uttar Pradesh

Graduated: Oct 2020
